

# ALTO Floor Cleaning Equipment

## Small scrubber/dryers

### SSE 350

#### With two disc brushes

Small electrically driven walk-behind scrubber dryer with flexible tanks, very easy to transport, perfect for small areas. Cleans both forwards and backwards.

#### Product facts

- Clear lid on recovery tank.
- Compact design with large wheels.
- Flexible tank.
- Foldable handle.
- Cleaning agent added with dosing pump.
- Quick connection for accessories.

#### Technical data

## Small scrubber/dryers

### SCRUBTEC 343

#### Compact and modern design

ALTO SCRUBTEC 343 is extremely compact and ideal for all-round cleaning of all different kinds of floors with 5 different brushes and 5 different pads. It is compact, easy to transport and very user friendly. The SCRUBTEC 343 offers a high brush pressure and large tank capacity.

#### Product facts

- Compact and highly maneuverable.
- Large capacity tanks.
- Brush assisted traverse.
- Low battery protection.
- Easy rear emptying through long hose.
- Automatic brush on/off.
- Break-away squeegee.

## SCRUBTEC 743/751

### Customized to your specific needs

Compact and easily maneuverable walk-behind scrubber dryer with the 60% automatic flip-up head for easy brush change. The parabolic breakaway squeegee ensures supreme water pick-up. The rugged large tanks and the easy to understand finger touch panel make the machine very reliable and simple to use.

### Product facts

- Automatic flip-up head for easy brush or pad change.
- With the on board charger it is easy to charge anytime and anywhere.
- Exclusive breakaway squeegee protects inventory.
- Rear fill and emptying.
- Rugged rotor molded tanks.

## ENCORE 20

### Long life - Low maintenance cost

Medium-size battery-driven machine with traction (L), and large solution and recovery tanks for extended scrubbing. The machine is suitable for demanding cleaning tasks in supermarkets, hospitals (health care) and retail centres.

### Product facts

- Squeegee blade change and adjusting without any tools.
- Powerful transaxle drive system (L).
- Exclusive breakaway squeegee protects inventory.
- Large rugged rotor molded tanks and battery compartment give long running time without refilling and charging.
- Bristle brush skirts.

## SCRUBTEC 770/784/795

### Battery powered walk-behind floor scrubber dryer for big jobs

The new ALTO SCRUBTEC 795, 784 and 770 S/L range of walk-behind scrubber dryers provides you with the best traction in double scrubbing and ramp cleaning and they provide safety, not only for the operator, but also for the people walking the places where the machines have cleaned.

### Product facts

- Low voltage shut off.
- Non corrosive polydur brush housing.
- Exclusive nylon gimbal brush/pad driver mount.
- Non marking pneumatic tires.
- AccuTrac patented breakaway swing squeegee.
- Neutral position traverse control handles.
- All controls on front view panel.

# Large scrubber dryer

## SCRUBTEC BOOST 70

### Battery operated orbital walk-behind scrubber dryer

With the SCRUBTEC BOOST, cleaning solution is introduced in front of the rectangular scrubbing pad via pulse modulated solution control. This orbital motion requires less pad pressure and attacks the dirt from multiple directions as it passes over the floor. Close edge is possible cleaning thanks to the rectangular cleaning pad.

### Product facts

- Protection wheels on squeegee.
- Quick change blades system without using tools.
- Easy to understand control panel.
- Large pneumatic nonmarking wheels.
- Clear sight tube on the solution tank that indicates the solution level.

#### Scrub Tec Boost 70

## Ride-On scrubber/dryer

### SCRUBTEC BOOST R 81

#### A consistent clean with the environment in mind

The SCRUBTEC BOOST rider scrubber is available with a rectangular scrub deck that employs an orbital motion of 2250 RPM. This high speed agitation requires less pad pressure and attacks the dirt from multiple directions as it passes over the floor. Close edge cleaning is accomplished with the unique rectangular shape of the cleaning pad. Available with either joystick or traditional steering column.

#### Product facts

- Easy entry and exit from either side of machine.
- Traverse controlled steering eliminates tipping in turns.
- Back-up alarm and horn.
- Best traction with rear transaxle drive.
- Complete water pick-up on turns.
- Standard on-board battery charger.
- Closest edge cleaning.

## Walk-behind sweepers

### FLOORTEC 350 B

#### Dust free sweeping of floors or carpets

With their compact, ergonomic design and easy maneuverability these handy machines allow you to clean large areas and at the same time get into corners and narrow spaces. With the optional carpet kit, also large carpet areas can easily be cleaned.

#### Product facts

- Quick and easy inspection/change of filters and brooms without using tools.
- Driver ergonomics, traction and easy maneuverability for optimum work flow.
- Durable polyethylene construction and rotor moulded cover resist corrosion.
- Mechanically linked motor and gearbox reduce maintenance costs and minimize downtime.

### FLOORTEC R 360

#### Comfortable sweeping of large areas or narrow spaces

A compact design, combining a wide 1000 mm sweeping path, 360° maneuverability and enough power for a ramp climbing capacity of up to 16%. Riding the new Nilfisk-ALTO FLOORTEC R 360 you get the job done quickly, effectively and with maximum driver comfort.

#### Product facts

- Powerful vacuum motor and large filter for continuous dust free sweeping.
- Two side brooms for wide sweeping path.
- Quick and easy change of filters, main and side brooms without the use of tools.
- Adjustable seat to accommodate all drivers ensures maximum driver safety and comfort.
- Adjustable steering column to fit the operator.
- User friendly control panel is clear and easy to read.
- Low noise sweeping gives pleasant work environment.
- Foot pedal for speed and forward/reverse control on the panel improves ergonomics and safety.

## FLOORTEC R 570

### Comfortable sweeping of large areas or narrow spaces

A compact design combining a wide sweeping path, excellent maneuverability and enough power for a ramp climbing capacity of up to 20%. Riding the new ALTO FLOORTEC R 570 you can cover large areas of floors and get the job done quickly, effectively and with maximum driver comfort.

### Product facts

- Two side brooms sweep a wide path.
- Easy to inspect/change filters and brooms without tools.
- Foot pedal for speed and forward/reverse control on the panel improves ergonomics and safety.
- Powerful vacuum motor and large filter for continuous dust free sweeping.
- Corrosion proof metal frame and polyethylene bodywork protects your investment.
- Thermal switches on the drive and broom motors for protection and reduced maintenance cost.
- Flap lifting device for picking up large debris.
- Operator entry from either side for superior ergonomics.
- Adjustable steering wheel.

## FLOORTEC R 580

### High-capacity sweeping with hydraulic high-dump

The new Nilfisk-ALTO FLOORTEC R 580 is indeed a high capacity dust-free sweeper. With a large, powerful vacuum system and a hopper size of 130 litre you can sweep large areas of floors before emptying is required. And emptying is easier than ever with the hydraulic high lift system.

### Product facts

- Large horizontal filter captures dust effectively.
- Flap lifting device for picking up large debris.
- Electric filter shaker for continuous sweeping without manual filter cleaning.
- No tools required to inspect or change filters or brooms so you can work efficiently.
- The vacuum system runs automatically when the main broom is lowered saving battery power in transit.
- Adjustable steering wheel and seat for maximum operator comfort and safety.
- Rugged metal frame with corner rollers protects both sweeper and inventory.
- Epoxy powder coated steel frame prevents corrosion.

# Ride-on sweepers w/hydraulic dump

## MPV 60

### Ride-on high capacity sweeper

Ride-on high capacity sweeper with dust control and variable high dump. Used for even the toughest industrial applications, large parking areas, multi-storey car parks, etc. Available in LP gas, Petrol and Diesel versions.

#### Product facts

- Adjustable seat for ergonomic operation.
- Heavy steel construction.
- Three stage filter system
- Clogged filter warning system.
- Clear control panel for easy operation.
- Electrical filter shaker.
- Full time power steering.
- 396 litre hopper.

## Steam cleaners

### STEAMTEC 312 / 520 / 5 IH

#### Consumer steam cleaners

The range of consumer steam cleaners have comfortable carrying handles and stainless steel boilers. They are suitable for multi purpose cleaning and disinfection tasks... indoor and outdoor.

#### Product facts

- Short heating time due to the powerful heater.
- High steam pressure makes it very efficient.
- Easy to use, one button control.
- Complies with all standards and is very safe to use.
- Big rear wheels and front caster make operation easy.
- Compact design, easy storage.
- Large standard accessory range.
