

Air Grinders - Air Belt Grinder - PBS 3/200 DH 99 \- 20,000 RPM / 0.3 HP (220 Watts) - PBS 3/200 Belt Grinder Attachment Arms

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

The PFERD range of premium quality pneumatic grinders includes straight and angle heads, COMBIDISC-specific tools and belt sanders. RPM's from 80,000 to 12,000, rear or front exhaust, and multiple throttle styles. The common features throughout the line include high power output, low vibration, long service life and quality components.

Premium quality belt grinder model PBS 3/200 DH 99 is created by PFERD by starting with our top angle die grinder model PWS 3/200. Next, we developed attachments that are nearly indestructible to convert the grinder run 12" belts. The result is a very powerful belt grinder that reaches into small areas with ease, and is so light weight, compact and smooth that it can be run one-handed.

A wide selection of belt arms is available for Model PBS 3/200 DH 99 to suit your application. Whether grinding on flat or asymmetrical surfaces, at the platen or contact wheel, in tight areas or fillet welds, PFERD offers an arm optimized for your use.
