

Air Grinders - Air Grinder - PWS 3/120 - 12,000 RPM / 0.3 HP (220 Watts) - PW 3/120

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

The PFERD range of premium quality pneumatic grinders includes straight and angle heads, COMBIDISC-specific tools and belt sanders. RPM's from 80,000 to 12,000, rear or front exhaust, and multiple throttle styles. The common features throughout the line include high power output, low vibration, long service life and quality components.

Model PWS 3/120 is specifically designed for use with COMBIDISC Mini Grinding Discs. The tool runs at 38,000 RPM's. Its powerful, generating .3HP, and also very lightweight for easy handling. It is produced with a threaded spindle for quick mounting of backing pads. High torque and slim design make this tool stand out as the performance leader for use with mini discs.

- **Features:**
 - Dual Throttle - Ring (twist), Lever
 - Front Exhaust
 - 1/4"-20 Threaded Spindle
 - 1/4" NPT connection for air supply hose
- **Specifications:**
 - RPM: 12,000
 - 3/8" I.D. Air Hose
 - Air Consumption: 12.3 cfm
- **Includes:**
 - Power Tool Model PW 3/120
 - Keys
