

Air Grinders - Angle Grinder - PWS 3/200 DH - 20,000 RPM / 0.3 HP (220 Watts) - PWS 3/200 DH Collets

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

The PFERD range of premium quality pneumatic grinders includes straight and angle heads, COMBIDISC-specific tools and belt sanders. RPM's from 80,000 to 12,000, rear or front exhaust, and multiple throttle styles. The common features throughout the line include high power output, low vibration, long service life and quality components.

Angle head die grinder PWS 3/200 DH offers several features that put it miles ahead of the competition. 20,000 RPM grinder is designed in a compact package and with a slim profile to reach areas inaccessible by competitive tools. Manufactured with precision to provide a long-life angle transmission, and superior spindle concentricity. Low manufacturing tolerance results in extremely smooth operating performance, which in turn reduces wear on the tool, extends the life of consumables, and provides a superior surface finish.

Model PWS 3/200 ships with a 1/4" collet. Additional collets are available for a wide variety of imperial and metric shaft diameters. Choose from the following PFERD Group 6 collet sizes.
