

Air Grinders - Straight Grinder - PG 3/380 DH - 38,000 RPM / 0.3 HP (220 Watts) - PG 3/380 DH

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

The PFERD range of premium quality pneumatic grinders includes straight and angle heads, COMBIDISC-specific tools and belt sanders. RPM's from 80,000 to 12,000, rear or front exhaust, and multiple throttle styles. The common features throughout the line include high power output, low vibration, long service life and quality components.

Model PG 3/380 DH puts the power in the palm of your hand. This small, compact design grinder runs at 38,000 RPM's. And while very lightweight, it is also very powerful, with a .3HP rating. It handles very nicely, like a pen. And it operates with extremely low vibration, for better finishing results and longer tool life. Front exhaust offers a cooling effect on the workpiece, and helps expel chips from the work piece while grinding.

- **Features:**
 - Dual Throttle - Ring (twist), Lever
 - Front Exhaust
- **Specifications:**
 - RPM: 38,000
 - Air consumption: 12.3 cfm
 - Requires oil mist lubrication
- **Includes:**
 - Power Tool Model PG 3/380
 - 1/4" collet
 - Keys
