

Air Grinders - Straight Grinder - PG 3/440 DH - 44,000 RPM / 0.3 HP (220 Watts) - PG 3/440 DH

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

The PFERD range of premium quality pneumatic grinders includes straight and angle heads, COMBIDISC-specific tools and belt sanders. RPM's from 80,000 to 12,000, rear or front exhaust, and multiple throttle styles. The common features throughout the line include high power output, low vibration, long service life and quality components.

If you're looking for a pneumatic straight grinder running 44,000 RPM that's the smallest and lightest in its class, you've come to the right place. PFERD's Model PG 3/440 is extremely compact and easy to handle. It's ergonomic design provides excellent control, particularly in the axial direction. But even with this lightweight, compact design, no quality sacrifices have been made while manufacturing this state-of-the-art tool. It is very rugged, and features a thermally insulated composite housing, dual throttle type (lever and ring), and rear exhaust with a silencer.

- **Features:**
 - Dual Throttle - Ring (twist), Lever
 - Rear Exhaust with Silencer
 - **Specifications:**
 - RPM: 44,000
 - Air consumption: 12.3 cfm
 - Requires oil mist lubrication
 - **Includes:**
 - Power Tool Model PGT 3/700
 - 1/4" collet
 - 5/16" I.D. air supply hose
 - Exhaust hose
 - Keys
