

A-series, arbor and c-clamp presses

Arbor presses

- 10 and 30 ton capacity
- Foot mounting holes for horizontal and vertical positioning
- Machined working surfaces for easier fixturing
- Slotted back to simplify loading and unloading of longer parts.

C-clamp presses

- 5, 10 and 20 ton capacity
- Operational in all positions

Press Type		Press Capacity ton (kN)	Max. Bed Width mm	Max. Vertical Daylight mm	Press Model Number	Recommended Cylinder *		Weight kg
Arbor	C-Clamp					serie	ton	
•	–	10 (101)	135	227	A-310	RC	10	27
•	–	30 (295)	178	260	A-330	RC-308**	**	86
–	•	5 (45)	51	165	A-205	RC	5	7
–	•	10 (101)	57	228	A-210	RC	10	17
–	•	20 (178)	70	305	A-220	RC	25	38

* Recommended cylinder must be ordered separately.

** Must be limited to 20 tons.

Alternative for A-210, see [10 ton VLP-serie Bench Presses](#).
