

ZE electric torque wrench pumps

- Features Z-Class high-efficiency pump design; higher oil flow and bypass pressure, cooler running and requires 18% less current draw than comparable pumps
- Totally enclosed, fan-cooled industrial electric motors supply extended life and stand up to harsh industrial environments
- Low-voltage pendant provides additional safety for the operator
- High-strength, molded electrical enclosure protects electronics, power supplies and LCD readout from harsh environments
- LCD readout provides pressure and torque display and a number of diagnostic and readout capabilities never before offered on a portable electric pump
- Auto cycle feature provides continuous cycle operation of the torque wrench as long as the advance button is pressed (Pump can be used with or without auto cycle feature)
- Valve technology reduces oil operating temperatures and withstands contaminants to increase pump reliability
