

# Transport and work bench

## GTA 60 W Professional

Unlimited flexibility – The new mobility concept for bench top tools

- Double the benefit: a means of transport and a work bench in one
- Easy to assemble and dismantle with only lever movement, without having to remove the bench top tool
- Large pneumatic tyres for convenient transport, even on uneven construction site terrain

Transport Bench

Converted to a work bench  
in only one lever  
movement

Work Bench

- Robust steel construction for high level of work safety and long lifetime
- Excellent stability on any surface due to height-adjustable feet

### Technical data

Length of work bench 1.220 mm

Weight 29 kg

Height of work bench 622 mm
