

Crimped Wire Wheel Brushes - Bench Brushes - EZmount® Telescoping Adapters

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

Advance manufactures a complete range of individual filament, crimped wire wheels for individual or gang-mounted use. Features include heavy fill density for more wire points, which means more brushing action and longer life; oil tempered, industrial quality wire, and uniform wire disbursement for optimal balance and finish. Choose from Narrow, Medium and Wide Face models, with an additional selection of wheels manufactured exclusively for bench and pedestal grinders.

Advance manufactures a complete selection of crimped wire brushes for bench and pedestal grinders. Choose from a wide selection of face widths and quality levels for the selection that best matched your needs. Use for edge blending, flash removal, cleaning, removing paint, removing rust and corrosion, roughening, matte finishing, and light deburring work. Features the new EZmount wheel brush, which ships with telescoping adapters to fit most every grinder manufactured with no mounting problems!

These adapters are included with your order of EZmount brushes. Should you need spare adapters, or find alternate uses, additional bushings may be ordered from Advance Brush
