

## Crimped Wire Wheel Brushes - Bench Brushes - Standard Face – Quality

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

Advance manufactures a complete range of individual filament, crimped wire wheels for individual or gang-mounted use. Features include heavy fill density for more wire points, which means more brushing action and longer life; oil tempered, industrial quality wire, and uniform wire disbursement for optimal balance and finish. Choose from Narrow, Medium and Wide Face models, with an additional selection of wheels manufactured exclusively for bench and pedestal grinders.

Advance manufactures a complete selection of crimped wire brushes for bench and pedestal grinders. Choose from a wide selection of face widths and quality levels for the selection that best matched your needs. Use for edge blending, flash removal, cleaning, removing paint, removing rust and corrosion, roughening, matte finishing, and light deburring work. Features the new EZmount wheel brush, which ships with telescoping adapters to fit most every grinder manufactured with no mounting problems!

Economy bench wheels by Advance brush are manufactured to suit the needs of the occasional user. Brushes feature a medium density fill with untempered wire for low cost and good service life. Section includes single section, standard face width brushes in Carbon Steel wire.

EDP	Brush Diameter	Arbor Hole	Wire Size	Filament Material	Trim Length	Face Width	Max. RPM
