

Crimped Wire Wheel Brushes - Keyed and Round Arbor Adapters - Style E EZMount Arbor Adapters

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

Advance manufactures a complete range of individual filament, crimped wire wheels for individual or gang-mounted use. Features include heavy fill density for more wire points, which means more brushing action and longer life; oil tempered, industrial quality wire, and uniform wire disbursement for optimal balance and finish. Choose from Narrow, Medium and Wide Face models, with an additional selection of wheels manufactured exclusively for bench and pedestal grinders.

Advance crimped wire wheels are available in many common arbor hole configurations. To improve off-the-shelf solutions, Advance Brush offers adapters to reduce fixed arbor hole sizes to meet your requirements. While typical adapters are available, Advance has designed and patented innovative new bushings with built-in keyways and many other features!
