

Crimped Wire Wheel Brushes - Wide Face - 10" & Larger Diameter - Stainless Steel

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

Advance manufactures a complete range of individual filament, crimped wire wheels for individual or gang-mounted use. Features include heavy fill density for more wire points, which means more brushing action and longer life; oil tempered, industrial quality wire, and uniform wire disbursement for optimal balance and finish. Choose from Narrow, Medium and Wide Face models, with an additional selection of wheels manufactured exclusively for bench and pedestal grinders.

Advance wide face, multiple section brushes are for all-purpose portable or stationary brushing, and designed for maximum productivity. Engineered for professional use, the wide face brushes feature precision balance, high quality tempered wire, and dense wire fill for fast brushing action, superior surface finish and long service life. Available in a wide product range to fit every application, including: refining metal surfaces, preparing rubber in vulcanizing, blending surfaces, and removing light burrs, paint and corrosion

Advance selection range of 10" and larger diameter wide face crimped wire wheels manufactured with Stainless Steel wire.
