

Delta sander

GDA 280 E Professional

The powerful tool for corners and edges

- Handy with 280 watts of power for high material removal rates when sanding and polishing in corners and edges, in hard-to-reach areas and on small surface areas
- SDS system for easy sanding pad changes without tools
- Soft-grip for ergonomic handling

- Electronic setting wheel for speed preselection for material-specific working
- High material removal rate
- Integrated extraction duct for direct hose connection to a vacuum cleaner
- Small grip circumference

Scope of Delivery

Part no. 0 601 294 703

- Louvre sanding attachment (2 608 000 200)
- 15-piece sanding sheet set 5 x G60, 5 x G120, 5 x G240
- Sanding finger, flat (2 608 000 199)
- Sanding finger, oval (2 608 000 198)
- 5 sanding sheets for sanding fingers
- Polishing felt (2 608 613 016)
- Carrying case (2 605 438 414)

Package (L/W/H) 385 x 300 x 110 mm
