

Electric Grinders - UBS 5/100 SI Belt Grinder: 120 Volts; 3,150 - 1,280 Belt SFPM / 500 Watts - UBS 5/100 Keys

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

Electric grinder range includes straight shaft machines, special grinders for COMBIDISC tools and belt grinders. Each tool offers variable speeds in stepless settings. By controlling the operating speed of the tool, users can get the highest performance levels from their PFERD abrasive tools, and have absolute control over the surface finish. All PFERD electric tools are double insulated, and are 120 volt tools with standard plugs for the U.S. market.

Model UBS 5/100 ships with an allen key. Additional or replacement keys are readily available.
