

## Encapsulated Brushes - Shaft Mounted – Cups

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

ECAP® encapsulation increases productivity by 25% or more. Choose ECAP® products for longer brush life, uniform performance, and precision-controlled contact areas. Advance ECAP® product range includes wheel, cup, end, tube, stem mounted brushes and more

Stem mounted brushes are available in a variety of style to suit a wide variety of workpiece shapes, sizes, and materials. Various shapes and sizes allow many option to gain accessibility to the surface that requires conditioning.

Mounted cup brushes are ideal for working on larger work surfaces. When workpiece cannot be approached from the side, the cup shape allows access from the top of the workpiece. Encapsulation provides maximum brushing action.
