

Encapsulated Brushes - Shaft Mounted - Flared Cups

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

ECAP® encapsulation increases productivity by 25% or more. Choose ECAP® products for longer brush life, uniform performance, and precision-controlled contact areas. Advance ECAP® product range includes wheel, cup, end, tube, stem mounted brushes and more.

Stem mounted brushes are available in a variety of style to suit a wide variety of workpiece shapes, sizes, and materials. Various shapes and sizes allow many option to gain accessibility to the surface that requires conditioning.

Encapsulated crimped wire mounted flared cup brushes feature a concave shape that provides effective side cleaning action and offers high flexibility to follow contours and intricate surface patterns. Use on inside edges, fillets and grooves without scoring bottom areas. Especially for light deburring, scale and rust removal, weld seam cleaning, etc.
