

## File Sets - Machinist's File Sets

PFERD was established in 1799 by manufacturing files for farriers. Today PFERD-brand files, known for top quality and consistency, are used on every continent. With a wide range of standard and specialty products, PFERD provides solutions for your filing needs.

Popular PFERD files are available in handy selections of sizes, shapes and cuts. PFERD File Sets keep the right tool for the task in your toolbox when you need it.

These useful and quality files belong in the tool cases and workshops of tradesmen, mechanics and homeowners.
