

Flap Wheels - Flap Wheel Accessories - Arbors for Flap Wheels

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

PFERD flap wheels are designed for grinding flat or irregular surfaces. Because of their softness and flexibility, the coated abrasive laminae adapt easily to the work piece.

Fields of Application: Good finish of flat, concave and convex surfaces. Internal grinding of stainless steel containers. For steel and non-ferrous metals.

PFERD flap wheels are produced with high quality coated material and high flap count to provide very high removal rates and extra long service life.

Accessories including reducer bushings and drive arbors are available to help solve problems mounting PFERD flap wheels to your power tool.

EDP	Shank Diameter	Clamping Width	Fits Flap Wheel Bore	For Wheel Diameter
45714	1/2	1-2	1	4 - 6
45715	1/2	1-2	1-3/4	8 - 10
