

Flexible Shafts & Accessories - Angle Drive - Right Angle Hand Piece WT 7 E M14

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

PFERD Flexible Shafts are available in a variety of lengths and diameters to suit your needs. Whether you require a large diameter shaft to transfer high torque at low speed, or a highly flexible shaft to run at high speeds with small diameter tools, PFERD offers a wide selection of solutions to equip your flexible shaft machine.

This handpiece allows the use of G22-equipped flexible shaft machines as an angle grinder. Additional accessories convert the angle drive to a belt sander to maximize the versatility of your PFERD flexible shaft machine.
