

Flexible Shafts & Accessories - G28 Heavy Duty Flexible Shaft System - G28-12 Shaft, Core and Casing

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

PFERD Flexible Shafts are available in a variety of lengths and diameters to suit your needs. Whether you require a large diameter shaft to transfer high torque at low speed, or a highly flexible shaft to run at high speeds with small diameter tools, PFERD offers a wide selection of solutions to equip your flexible shaft machine.

G28 Heavy Duty system includes the same shafts as standard G28, but with handpieces designed to accommodate larger collets for large shaft sizes. Compatible all variations of PFERD's Mammoth Machine. Collet range extends from 1/4" through 1/2"

This section includes complete shafts for G28 series, along with replacement casings and cores.
