

HAMMERS

Our full range of Stier Hammers have been designed with specially formulated handles, containing 70% fibreglass for strength, and 30% moulded-in rubber grips for control and shock absorption. Manufactured to the highest standards with a lifetime warranty you need look no further for a professional quality range of hammers.

Club Hammer. Sizes 1, 1 & 1, 8kg
Heavy duty hammer for striking wood, metal, concrete and stone.

Claw Hammer. Sizes 500 & 600g
The mainstay for driving and removing nails.

Ball Pein Hammer. Sizes 1/3/5/7/900 & 1 100g
Designed for striking punches/chisels and all your metal work needs, ideal for electricians.

Rubber Mallet. Sizes 500g & 900g
For general industrial use it delivers a gentle yet firm blow with little rebound, ideal for damp conditions and outdoor use.

Sledge Hammer. Sizes 3.6 & 6.3 kg
Designed for general construction/demolition work like breaking through drywall and masonry walls.
