

Impact wrench

GDS 24 Professional

The powerful tool for mechanical engineering

- For wheel fitting on trucks, screw joints in steel construction and mechanical engineering, as well as in tank and pipeline construction
- Auxiliary handle with backing pad that can be fitted in two positions for better handling
- Hanging hook for attaching to a balancer

- V-groove impact mechanism with low recoil torque and long lifetime
- High impact performance with low weight
- Forward/reverse rotation for tightening and loosening
- Torsion bars (special accessory) guarantee adherence to desired torque
- Easy-to-change tools

Part no. 0 601 434 103

- Auxiliary handle (2 602 025 075)
- Hanging hook (ET no. 3 601 310 013)

Package (L/W/H) 430 x 310 x 142 mm

Voltage, electrical 230 V

Technical data

Rated power input	800 W
Torque, max. (hard screw driving applications)	600 Nm
Torque, max. (soft screw driving applications)	300 Nm
Tool holder	3/4" external square
Rated speed	950 rpm
Weight without cable	5,7 kg
Length	416 mm
Height	436 mm

Functions

- Forward/reverse operation
