

## Knot Wheels, Threaded - Full Cable Twist - COMBITWIST - Carbon Steel

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

These Advance wheel brushes are manufactured with threaded arbor holes for easy mounting and unmounting on threaded shaft power tools.

Twisted through the entire length of the knot, Full Cable Twist knot wheel brushes offer low flex, high impact brushing action with a smaller face width than standard twist knot wheels.

COMBITWIST wheel brushes in full cable twist offer high impact, low flex brushing action with superior results when compared to conventional knot wheel brushes. This section includes all threaded full cable twist knot wheels featuring COMBITWIST technology in Carbon Steel wire.
