

Large Diameter / Stationary Cut-Off Wheels - Stud Cutter / Chopsaw Cut-Off Wheels - Aluminum Oxide for Steel

PFERD Grinding & Cut-off Wheels offer world-leading performance. For free-hand, portable, chop and stationary saws.

If you operate demo saws or stationary saws, check out PFERD's wide catalog selection of blades. PFERD Portable blades are available for steel, stone, ductile, rail & decking, and masonry/aluminum. Stationary blades are available for low to high powered saws, for cutting all materials. PFERD also offers a complete technical service to match the correct wheel to your saw based on your application, or to develop special wheels to suit exacting demand in higher volume applications.

EDP	Diameter	Thickness (Inches)	Thickness (mm)	Arbor Hole	Grit	Max. RPM
64501	12	3/32	2.8	1	36	5,100
64502	14	3/32	2.8	1	36	4,400
64503	16	1/8	3.8	1	36	3,800
