

Machinist Files - Knife Files

Shaped like a knife blade, this file is commonly used on slots and keyways and for acute angle work in die making. Sides are double cut and the thin edge is cut but the back is safe (uncut).

EDP	Name	Length	Width	Thickness	Cut	
11049	Knife File 4	15/32	7/64		Bastard	Request Info
11052	Knife File 6	21/32	5/32		Bastard	Request Info
11053	Knife File 6	21/32	5/32		Second	Request Info
11054	Knife File 6	21/32	5/32		Smooth	Request Info
11055	Knife File 8	27/32	3/16		Bastard	Request Info
11056	Knife File 8	27/32	3/16		Second	Request Info
11057	Knife File 8	27/32	3/16		Smooth	Request Info
11058	Knife File 10	1-1/32	1/4		Bastard	Request Info
11059	Knife File 10	1-1/32	1/4		Second	Request Info
11060	Knife File 10	1-1/32	1/4		Smooth	Request Info
