

## Machinist Files - Three Square Files

Three Square Files are triangular in cross-section, like Tapers, but are double cut and have fairly sharp corners that are slightly set and cut. These files are for general use by machinists for filing internal angles more acute than the right angle, for clearing out square corners and filing taps and cutters.

EDP	Name	Length	Width	Cut	
11097	Three Square File 6	15/32	Bastard	<a href="#">Request Info</a>	
11098	Three Square File 6	15/32	Second	<a href="#">Request Info</a>	
11099	Three Square File 6	15/32	Smooth	<a href="#">Request Info</a>	
11100	Three Square	8	5/8	Bastard	<a href="#">Request Info</a>
11101	Three Square	8	5/8	Second	<a href="#">Request Info</a>
11102	Three Square	8	5/8	Smooth	<a href="#">Request Info</a>
11103	Three Square	10	3/4	Bastard	<a href="#">Request Info</a>
11104	Three Square	10	3/4	Second	<a href="#">Request Info</a>
11105	Three Square	10	3/4	Smooth	<a href="#">Request Info</a>
