

Machinist Files - Key files – Hand

Similar to Warding Files, Key Files are very thin in thickness. Their big advantage is that they are manufactured in all popular machinists file shapes. Double cut. Designed specially for use in locks and keys, they are also well-suited for use by electricians, mechanics and anyone engaged in precision work.

Hand shape Key Files have the same cross-sectional dimensions as the Flat Key File but is blunt in shape (no taper). Double cut, it has one safe (uncut) edge which permits filing one surface without damaging an adjoining one.

EDP	Name	Shape/Form	Length	Width	Thickness	Cut	
11117	Hand	Flat	4	25/64	1/16	Second	Request Info
11118	Hand	Flat	5	1/2	1/16	Second	Request Info
11119	Hand	Flat	6	5/8	5/64	Second	Request Info
