

Marking Pens - MST 31 Marking Pen Accessories - Replacement Air Hose for MST 31 Marking Pen

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

Marking pens are pneumatic tools with tungsten carbide engraving needles. They are used for engraving markings in metal, glass, plastics and even heat-treated steels.

This section includes a list of spare parts for PFERD Model MST 31 Marking Pen, including additional or replacement engraving needles and air hose.

MST 31 replacement hose is custom built specifically to support the high frequency at which this tool performs. Coupling are included on both ends of the hose.
