

POLIFLEX® - Fine Grinding Products - PUR Bond - Block Set

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

Textile Points are for fine finishing of edges and surfaces. Characterized by rapid stock removal, high edge stability, cool grinding and non-loading, Textile points perform well on a variety of materials from Aluminum to Stainless steel and high temperature alloys.

This selection of Poliflex fine-grinding tools are Polyurethane (PUR)-bonded green silicon carbide (SiC). The PUR-bond is a very soft bond type. Abrasive grain is homogeneously distributed through the polyurethane bond. The open-cell surface and elastic properties of the bond ensure a good adaptability to workpiece contours and soft, cool grinding action.

This handy set of Poliflex PUR blocks includes 3 each of all available blocks.
