

STB-series, hydraulic pipe bender sets

- Makes smooth, wrinkle free bends
- Sets include:
 - Lightweight, heat-treated aluminum bending frame and bending shoes
 - Angle indicator and shoe lock pin
 - Hydraulic cylinder, hose and saddle
 - Manual, air or electric pump
 - Sturdy steel storage case
- STB-202 (Eject-O-Matic™) models have double-acting cylinder to eject pipe from the bending shoe
- Sets are also available without hydraulics

Pipe Range		Set Model Number	Pump	Cylinder	Weight incl. storage case
Nominal Bore (inch)					
One Shot	Sweep				kg
1/2 - 2	-	STB-101X	-	-	40
		STB-101N	-	RC-1010	48
		STB-101H	P-392	RC-1010	52
		STB-101A	PATG-1102N	RC-1010	54
		STB-101E	PUJ-1200E	RC-1010	57
1 - 2	2 1/2 - 4	STB-221X	-	-	104
		STB-221N	-	RC-2510	119
		STB-221H	P-80	RC-2510	130
1 1/4 - 4	-	STB-202X	-	-	143
		STB-202N	-	RR-3014	174
		STB-202E *	ZU4408SE	RR-3014	212

See catalogue pages for more detailed specifications.

*For 115 volt applications replace the last digit of set model number from 'E' to 'B' Example: STB-202B.
