

Point-of-Purchase Power Brushes - COMBITWIST Knot Cups

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

A wide range of industrial quality wheel, cup, bevel, end, and stem mounted brushes and accessories is available in heavy-duty clamshell packaging.

COMBITWIST knot cup brushes remove rust, corrosion and surface debris faster than conventional cup brushes, while providing a longer service life as well as a superior surface finish. How is this accomplished? By twisting every knot in the opposite direction, each knots wears slower, and provides more aggressive brushing action. If you want to accomplish your brushing tasks in less time and with better surface finish results, try an Advance Brush COMBITWIST Cup today. Call (800) 342-9015 for a distributor near you!
