

## Point-of-Purchase Power Brushes - COMBITWIST Knot Wheels

ADVANCE BRUSH offers a complete range power brushes for Industrial use, including Wheel, End, Cup, Shaft Mount, and Tube brushes. Featuring M-BRAD™ Nylon Abrasive filament wheels, cup, disc brushes and more.

A wide range of industrial quality wheel, cup, bevel, end, and stem mounted brushes and accessories is available in heavy-duty clamshell packaging.

For maximum performance knot wheel brushes, COMBITWIST knot design offers market-leading performance. Conventional knot wheel brushes are manufactured with all knots twisted in one direction. Innovative COMBITWIST brushes are produced with alternating left hand - right hand knots. This unique knot configuration yields many benefits to improve your efficiency, and lower your overall costs:

- More aggressive brushing action
- Longer brush life
- Superior rotational balance
- Faster stock removal and better finish
- Easier control with less operator fatigue
