

Polishing Tools & Pastes - Felt Points - Shape ZYA - Brass Impregnated

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

PFERD offers an extensive range of polishing tools in diverse shapes and diameters. A wide selection of products is available to achieve refined surfaces on all materials. Felt wheels and points, cloth rings, polishing pastes and grinding compounds create a product selection that will allow you to achieve your desired surface finish on any workpiece geometry.

Felt Points are available in a variety of shapes to suit individual needs. Used in conjunction with polishing pastes, a pre-polish to high-gloss polish is achievable on any workpiece geometry.

Brass impregnated felt points provide increased stock removal in pre-polishing with diamond polishing pastes

EDP	Diameter	Length	Shank Diameter	Shank Length	Recom. Speed RPM	Max. RPM
