

## Polishing Tools & Pastes - Grinding Compounds

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

PFERD offers an extensive range of polishing tools in diverse shapes and diameters. A wide selection of products is available to achieve refined surfaces on all materials. Felt wheels and points, cloth rings, polishing pastes and grinding compounds create a product selection that will allow you to achieve your desired surface finish on any workpiece geometry.

Oil-soluble grinding compounds with sharp-edged SiC grain are ideal for fine-polishing operations, e.g., regrinding of valves or shaft bearings, and in preparation of polishing steps with felt tools and cloth rings.
