

Polishing Tools & Pastes - Polishing Paste Bars

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

PFERD offers an extensive range of polishing tools in diverse shapes and diameters. A wide selection of products is available to achieve refined surfaces on all materials. Felt wheels and points, cloth rings, polishing pastes and grinding compounds create a product selection that will allow you to achieve your desired surface finish on any workpiece geometry.

Choose from five different pastes to achieve the surface finish you seek. Each PFERD polishing paste is color-coded for easy identification. Results vary from an aggressive pre-polish through a high gloss polish on a wide variety of materials, from Stainless Steels to plastics.

EDP	Type	Color	Use for	Width	Depth	Height	
48760	1-pre-polish	Green	Steel + Stainless Steel	2-3/4	2	5-1/2	Request Info
