

## Power Tool Kits - PBS 3/200 DH 99 Pneumatic Belt Grinder Tool Set

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

PFERD offers several tools specially packaged in a carrying case. The sets are comprised of the tool combined with popular accessories and abrasive products recommended for use with the tool.

Grinding set PBS 3/200 DH: Angled belt air grinder with 4 additional attachment arms and matching tools. This set covers a wide variety of grinding applications for smaller surfaces. The grinder's slim head design and compact casing allows work in confined spaces. Surface conditioning on convex, concave or straight smaller work pieces can be easily achieved using the included COMBIDISC® abrasives grain range. The belt attachment and various belts cover the other side of surface processing, allowing conditioning of rounded surfaces and difficult to reach corners. An ideal kit for finer jobs and an addition to any workshop.

- **Contents:**

- 1 angled air grinder PBS 3/200 DH 99 (20,000 RPM, 0.3 HP) mounted with belt grinding attachment holder BSVH 25,5 and attachment arm BSVAK 9/9.
