

Power Tool Kits - UBS 5/100 SI 925 Electric Belt Grinder in Briefcase

PFERD offers a wealth of possibilities for combining abrasives and power tool systems to achieve the perfect solution for any given material/workpiece and machining task. PFERD power tools include electric, pneumatic and flexible shaft machines. Accessories and tool maintenance equipment for all tools is also available.

PFERD offers several tools specially packaged in a carrying case. The sets are comprised of the tool combined with popular accessories and abrasive products recommended for use with the tool.

Electric belt grinder for on-site surface finishing work. Features include stepless electronic RPM control. Provides optimum efficiency through optional use of abrasive belts at high RPM and nonwoven belts at low RPM. For mobile use in trades and industry. Recommendation: Use higher RPM levels (settings 4-6) with coated abrasive belts and lower RPM (settings 1-4) with non-woven cloth backed belts.

- **Contents:**

- 1 electric belt sander UBS 5/100 SI 925 120 V US with stepless RPM control. Power consumption: 500 watts.
- 1 set of assorted belts:
