

Pressure Sensitive Adhesive (PSA) Discs - 18" PSA Discs

PFERD produces a complete range of coated and non-woven abrasives including Fiber Discs, Flap Wheels, Belts, Flap Discs, Rolls and much more. With innovative specialties like POLICAP® seamless abrasive caps, you'll find new solutions for your finishing needs with PFERD.

PFERD PSA (Pressure Sensitive Adhesive) discs are manufactured with heavy duty "X" weight resin cloth and a special hot melt adhesive coating system. This results in discs that will withstand even the most grueling applications. They adhere securely to the backing plate or holder without risk of slipping or flying off. When removed from the tool, they leave no residue. Available in Aluminum Oxide and Zirconia, in a complete range of diameters and grits.

18" diameter discs are available as standard stock in high quality Aluminum Oxide grain. Please feel free to contact PFERD for additional types and grits!
