

Multifunction router

GMF 1400 CE Professional

The flexible plunge-cutting and copy router

- Multifunction router: combination of plunge-cutting and copy router for perfect completion of all kinds of routing work
- SDS quick change system: tight fitting of the separate motor block either in the plunge-cut or copy unit
- Powerful 1400-watt motor block in a robust aluminum housing with Constant Electronic for constant work progress

- Copy router with 3-stage routing depth preselection and 1/10-mm fine adjustment for extremely high precision
- Low handles made of genuine wood enable the user to guide the copy router close to the work piece, which ensures optimum control when working with templates

Scope of delivery

Part no. 0 601 617 802

- Parallel guide with fine adjustment (2 607 001 387)
- Carrying case
- 2 collets with nut 8 / 12 mm (2 608 570 105 / 2 608 570 107)
- Template guide adapter (ET no. 2 610 991 370)
- 2 template guides 17 / 30 mm (2 609 200 139 / 2 609 200 142)
- Chip protection for copy router (ET no. 2 610 991 389)
- Chip protection for plunge-cutting router (ET no. 2 610 912 599)
- Dust extraction adapter for copy router and plunge-cutting router (2 608 190 038)
- Centering pin 8 mm (2 609 200 310)
- 2 open-ended spanners 16 / 24 mm

Technical data

Tool holder	8 – 12,7 mm
No-load speed	8.000 – 24.000 rpm
Maximum router cage stroke	59 mm
Rated power input	1.400 W
Weight of plunge-cut unit including motor	4,1 kg
Weight of copy unit including motor	3,6 kg

Functions

- Dust extraction
- Electronic
- Constant Electronic
