

Saw Files - Taper Saw Files

Sharpen cant saws, band saws, chain saws and more. PFERD manufactures a complete range of saw sharpening files. Precision made. Highest quality. PFERD Saw Files.

Triangular in shape and tapered toward the point, these single cut files are used primarily for sharpening handsaws, circular saws, narrow band, cross-cut and buck saws. All have cut edges or corners to maintain saw gullets. Made in four cross sections: Regular, Slim, Extra Slim and Double Extra Slim.
