

Specialty Files - Plastics Files

PFERD manufactures a wide selection of specialty files, developed for high performance filing in unique applications.

Shaped like a Flat File with a tooth geometry optimized for work on plastics, Formica and laminates. Designed for light trimming and chamfering work in applications where power tools cannot be used or are not cost effective.

EDP	Name	Shape/Form	Length	Width	Thickness	Cut	
16101	Plastics Flat		8	51/64	11/64	Second	Request Info
16102	Plastics Flat		10	1	11/64	Second	Request Info
