## GSB 36 V-LI Professional

Powerful multi-function tool for impact drilling, drilling and screw driving

- As powerful as corded: up to 115 drilled holes (8 x 50 mm in masonry) with only one battery charge
- Enormous power due to lithium-ion technology: it even drives 12 mm screws without a drop in speed
- Extremely robust: fully functional, even after falling 2 m onto concrete, due to flexible Dura Shield housing
- Unique Bosch Premium lithium-ion technology for 400% longer lifetime and unbeatable battery runtime
- Bosch Electronic Cell Protection (ECP): protects the battery against overload, overheating and total discharge
- High-performance impact mechanism and high speed for rapid drilling rate in masonry
- Bosch Hyper Charge: due to the rapid charging process, the batteries are charged to 75% after just half of the charge time
- No memory effect: the battery can be charged regardless of the charging state at any time, without damaging the cells
