

ASC-series, adjustable clamping stroke

- Adjustable clamping stroke turns clockwise or counter clockwise
- Adjustable bolt in clamp arm for clamping stroke adjustment
- Low profile, ideal for limited space applications
- Quick swing action allows clamp arm to swing free of cutter and reclamp after it has passed
- 94-100° clamp arm swing arc

Cylinder Capacity	Stroke	Model Number	Operating Pressure	Cylinder Effective Area	Oil Capacity	Max Oil Flow	Weight
			bar	cm ²	cm ³	l/min	kg
